## LOCAL CAFE HELD UP BY THUG

Saddle Rock Cafe Robbed by Nervy Bandit

Visko Miloslavich Put Into Refrigerator by Highwayman

Visko Miloslavich, night watchman for the Saddle Rock cafe on Thirteenth street, was not only held up and robbed this morning, but had the discomfort of being placed in cold storage in the big ice chest in the basement of the restaurant.

He was rescued two hours later almost frozen from the cold by patrolmen, who smashed the lock from the door of the big ice chest.

The trap door in the sidewalk in front of the Saddle Rock is left open at night for deliveries by milkmen, bakers and other tradesmen in the early morning hours. The burglar apparently knew of this fact and took advantage of it.

Entering the basement by means of a trap door the robber surprised night watchman Miloslavich and leveled a revolver at his head.

"Hold up your hands," the robber commanded, "and don't make any noise."

Miloslavich obeyed and the robber, who was a young man, roughly dressed, searched his pockets and took a purse containing \$5.75. He then looked about the place as though puzzled as to what to do next and as to what disposition he was to make of his victim to prevent his giving the alarm.

The big ice chest of the restaurant, in which meat and other perishable goods are kept and which is also used to keep the beer for the bar at a sufficiently cool temperature, is in the same part of the basement in which the holdup occurred. The robber pushed the door open and stepped into the chest.

The robbery occurred about 4:30 this morning. Almost two hours later Patrolman Robinson, while passing the cafe, heard the faint and muffled sound of some one screaming for help. He went into the place to investigate and traced the sound to the chest.

The door was locked, however, and he could just hear Miloslavich shouting from inside. He knocked on the door and shouted to the prisoner to give him comfort and then telephoned to the police station for assistance.

Patrolman McCarthy responded with a small crowd. Miloslavich was rescued from his arctic prison and restoratives were administered.

"The muck, the muck," cried Miloslavich, when he was released from his arctic prison. The two patrolmen looked at him in amazement, thinking he must have become mentally deranged from his experience.

"Do you think we had better lock him up again?" suggested McCarthy. "Get out of my way," he bawled to get that muck started," shouted the victim. "I am an hour late already, and if that muck isn't ready on time Pat Kisch will 'can' me."

## BRITISH WAR SECRETARY QUILTS

### OAKLAND TO BE REALTY HUB

Headquarters of State Federation Practically Assured

Office Removed From Los Angeles; New Secretary Here

It is practically determined that the headquarters of the State Realty Federation will be removed to Oakland from Los Angeles.

George S. Pittcock of Stockton, elected executive secretary-treasurer by the board of directors, at a meeting in Los Angeles, to fill out the unexpired term of J. G. Stafford, is in Berkeley today, conferring with C. C. Juster, president of the State Federation, and it is expected that the new secretary will make arrangements soon for the location of his office in Oakland. A central point for meetings of the executive committee and for the office of the federation has been under consideration for some time, on account of the trouble and expense of traveling to Los Angeles. That city vigorously opposed the removal of the headquarters.

TO ORGANIZE WORK.

Pittcock will devote a large part of his time to journeying through the State, organizing realty boards affiliated with the State organization, and handling the details of the federation's affairs.

Pittcock stated today that permanent establishment of the headquarters here had not been definitely determined, indicating that it was a temporary arrangement, but it is known that the executive board has decided that Oakland is the logical location.

Local real estate brokers are jubilant over the prospects of making this city the hub of the State's realty board activities.

(By BILLY FITZ.)

A bombshell was dropped into the ranks of Charles Comiskey's Chicago White Sox here this afternoon by the announcement that Pitcher "Death Valley" Jim Scott and Shortstop Weaver had served announcement upon Manager James Callahan that they would accept Federal League offers unless their salary demands were met by Chicago.

Weaver has been offered a three-year contract by agents of the Federal League, calling for a total income of \$30,000. The offer to Scott has not been made public, but it is understood to call for \$2000 more per year than the contract tendered him by Chicago this year. Neither Weaver, Scott or Hal Chase have signed up with the Sox yet, though all three have been members of the squad that has made Oakland the center of its training activities this spring.

Weaver is a former member of the San Francisco Seals and rated as one of the best shortstops in the majors. He and Scott were members of the "around-the-world" tourists. The entire second squad of White Sox have been in the Sonoma valley region for three days playing exhibition games.

### SEELY GIVES UP CABINET PLACE

Government Guarantee, Army Would Not Fight Ulsterites

Officers in Ulster Given Promise They Might "Disappear"

LONDON, March 25.—Colonel John Seely resigned today his portfolio as secretary of state for war in the British cabinet.

The resignation of Colonel Seely followed quickly after the publication today of the paper giving details of the crisis in the British army, whose officers refused to participate in active operations against the inhabitants of Ulster, who had prepared to offer armed resistance.

Up to 6 o'clock this afternoon Premier Asquith had not accepted Colonel Seely's resignation.

Documents made public today disclose officially the fact that the British government gave officers in Ireland a written guarantee that it would not use the army to crush Ulster's political opposition to the home rule bill.

The correspondence, however, points out that the government retains its right to use the army to maintain law and order.

The government also withheld the communication by General Sir Arthur Paget to the officers at the Curragh camp which led to their resignations and which the government argues was the result of a "misunderstanding."

### BUFFALOS WILDLY CAVORT AT LARGE

Break Paddock Bonds and Take Defiant Stand

SAN FRANCISCO, March 25.—The Golden Gate Park stadium was turned into a gladiatorial arena in dead earnest this morning and the combat of early Roman days between the maddened beasts and men diminutive by comparison seemed likely to be repeated when four buffaloes ran amuck.

The former kings of the frontier, whose numbers were depleted and whose species so nearly became extinct by the onslaughts of civilization, broke their bonds and escaped from the paddock shortly after daybreak. A gardener on his way to work was horrified to see a snorting, excited beast cavorting down the main drive with lowered head and kicking heels and ready for any sort of provocation behind a tree for safety and as quickly as possible the Park police station was notified. A few moments later another telephone message was received by the police to the effect that four of the buffaloes were holding a convulsive and defying the efforts of a handful of gardeners to round them up. A still later report was to the effect that buffaloes were seen speeding toward the ocean boulevard and so alarmed did the police become that Chief White was notified and reserves sent out. It was hoped to round up the herd without violence, but the buffaloes may not have to be shot before a capture can be made.

## TODAY SET DATE OF DEATH

Son of Mexican Capitalist in Grave Danger \$500,000 Demanded

Prisoner's Family Beg for Mercy; Giron Adamant

EL PASO, Texas, March 25.—An authoritative private letter dated Chihuahua March 23 received here today, states that Luis Terrazas Jr. is to be executed today unless he delivers the equivalent of \$350,000 in gold to General Villa.

The letter follows:

"CHIHUAHUA, March 23. — Luis Terrazas Jr. held for ransom by the rebels since General Villa occupied Chihuahua five months ago, will be executed in Chihuahua Wednesday, March 25, unless \$500,000 Mexican dollars are paid before that time. No assurances have been given that he will be released even if the money is paid, and friends of the prisoner say he cannot raise it in time."

"Terrazas is the son of the one-time rich Mexican land owner, who until his lands were confiscated by the rebels and he himself forced to seek safety in the United States was reckoned among the most powerful men under the Diaz regime. Up to the present the prisoner's family believed he was more valuable to the rebels alive than dead. A summary notice that a fixed sum must be paid into the rebel treasury within 24 hours was served on him Saturday last, through the office of American Consul Marion Letcher the time was extended three days longer."

HAS POSITIVE ORDERS.

Colonel Anacleto J. Giron, the jefe de armas, Saturday announced he had positive orders to carry out the execution. Representatives of several foreign governments then appealed to Giron.

"If the money is paid what assurances will be given that Terrazas will be liberated?" Giron was asked.

"I have not been asked on that point," said the rebel officer. "I simply received orders from my superiors that \$500,000 pesos must be paid within 24 hours."

"If it is not paid—"

"Then he will be shot," answered Colonel Giron.

"Appeals for more time, with the result that Terrazas was given three days extension. Meantime influence was brought to bear in the United States, where the father of the prisoner is a refugee. So far as known no definite arrangements for the payment of the money have been agreed on."

"Many times since his capture by the rebels Terrazas' life has been threatened. His father, who is more than 80 years old, recently in El Paso offered to give his own life for that of his son. 'My son is the father of'

BRITISH SECRETARY OF  
WAR RESIGNS PORTFOLIO

Colonel John Seely Quits as Result of  
Developments in Ulster

(Continued From Page 1.)

and that it was expected the country  
would be ablaze by Saturday.  
The Irish commander-in-chief wrote  
that he was enclosing a communica-  
tion with the war office and had re-  
ceived instructions from headquarters  
to notify his officers that those of  
them domiciled in Ulster would be  
allowed to disengage and be afterward  
reinstated. They must, however, give  
their word of honor not to fight for  
Ulster.

MUTINY BEFORE PARLIAMENT.

The mutiny of certain officers of  
the British regular army in Ireland  
when the believed they were to be  
ordered to fight the Ulstermen was  
before Parliament again today. The  
correspondence between the War Of-  
fice and the army officers in Ireland  
which led to the recent wholesale res-

made public in the shape of an official  
communication to the Houses  
of Parliament. The War Office was  
informed early in December of the  
possibility of resignation of officers in  
case the Ulster situation came to a  
crisis. In consequence of this in-  
formation Colonel John Seely, secre-  
tary of state for war, interviewed the  
general officers in command and ex-  
plained to them that an officer of the  
British army was not permitted to ob-  
ject to a reasonable order under the  
circumstances.

MINIMUM OF FORCE.

The secretary of war told them that  
no one from a general down to a pri-  
vate was expected to use more force  
than was required to maintain order  
and the safety of life and property.

"If these officers and men of the  
British army have believed that there  
is possibility that they might be called  
on to take any unauthorized action—  
for instance, to massacre Orangemen  
who are causing no danger to the lives of  
their neighbors—had as would be the  
effects of discipline in the army, never-  
theless it is true, they are in fact  
and in law justified in a refusal to obey.

"There never has been and is not  
now any intention, however, of giving  
outrageous and illegal orders to the  
troops.

"The law will be respected, and  
must be obeyed. What must now be  
faced is the possibility of action be-  
ing required by troops in supporting  
the civil power in protecting lives and  
property when the police is unable to  
hold its own.

"Attempts have been made to dis-  
cuss the troops from obeying lawful  
orders given to them, when acting in  
support of the civil power. These at-  
tempts have amounted to the claim  
that officers and men of the army  
could pick and choose between lawful  
and reasonable ends, saying they  
would obey in one case and not in  
another."

NO LACK OF DISCIPLINE.

After reciting that there had not  
been a single case of lack of disci-  
pline in the British army, Colonel Seely said:  
"At the same time, as views and  
statements uttered in the press and  
elsewhere made my position clear, I  
informed the general officers that I  
would hold each of them individu-  
ally responsible to see that there was  
no conduct in their commands sub-  
versive to discipline. I told them they  
could not be clearly understood that  
any such conduct would be dealt  
with under the king's regulations."

life because Villa knows that my son  
is no money and that what little is  
left is nearly all in my possession,"  
said the general. "The rebels also  
would not be so stupid as to murder  
him. They made it a  
condition that I should refrain from  
political activity and this I have  
scrupulously done."

MANY REBELS WOUNDED.

BERMEJILLO, Mexico, March 23  
(by courier to El Paso, March 25).—  
Rebel wounded from Gomez Palacio  
and the lesser recent fights in the  
vicinity are being brought north in  
large numbers and it is officially ad-  
mitted that the rebels put up an  
unexpectedly strong resistance at  
Gomez Palacio.

EL PASO, Tex., March 25.—Miguel  
Diebold, of the Mexican federal con-  
sular service, said today that he had  
been officially informed that the  
rebels were repulsed with heavy loss  
at Torreon and that some of them  
were driven back 20 miles.

REBELS BEATEN.

WASHINGTON, March 25.—The  
Mexican Embassy has received the  
following cablegram from the City of  
Mexico dated last night:  
"The rebels were repulsed today in  
an attempt to reach Torreon, General  
Velasco well prepared for attack."

PLAN FINANCIAL COUP.

MEXICO CITY, March 25.—Adherents  
of President Huerta believe that his fi-  
nancial stress will be relieved by a plan  
adopted which will bring into the treasury  
one hundred million pesos, approximately,  
at the present exchange which practically  
is three to one, \$28,000,000 in gold. Fifty  
million pesos will be immediately avail-  
able, the balance as required.  
The result will be the redemption on  
April 1 of the interest payments on the  
foreign debt suspended on January 12 last  
and the early revocation of the fifty per  
cent advance in import duties recently  
imposed as a war measure.  
The plan involves the issuance of treas-  
ury notes against the unpaid balance of  
bonds authorized in May, 1910, to the  
amount of \$100,000,000 for a portion of  
which a Paris bank syndicate subscribed,  
but of which practically half remain un-  
sold. These bonds are to be placed with  
the Mexican banks at thirty per cent of  
their face value, the banks to issue them  
at the legal ratio of three to one.

NEW JERSEY IN INTENSE  
PRIMARIES CAMPAIGN

PATERSON, N. J., March 25.—The  
nomination of four candidates for the  
seat in Congress left vacant by the  
death of Representative Robert G.  
Brenner, Democrat, of the Seventh  
New Jersey district, opens here the  
first political campaign involving na-  
tional issues that has been waged  
since the enactment of the new tariff  
bill.  
Republicans at the primaries yester-  
day divided nearly 9000 votes  
among 11 candidates and chose Don  
H. Drucker by a plurality of 1103  
over the nearest candidate. The  
Democrats selected James O'Byrne,  
secretary to United States Senator  
Hughes, by 488 plurality. The total  
Democratic vote was 4500, divided  
among five candidates. The Progress-  
ives polled 40 votes and the Social-  
ists 700, but each of these parties put  
up only one candidate.

FREDERICKS WILL  
OPPOSE JOHNSON

Los Angeles Candidate to Be  
Supported by Republicans  
of Southland.

SAN FRANCISCO, March 25.—Captain  
John D. Fredericks, district attorney  
of Los Angeles, is to be a Republican  
candidate for governor after all, accord-  
ing to news brought up from the southland  
by Leo Youngworth, former United States  
marshal of the southern district and a  
leader in the G. O. P. of the south.  
Common report has had Fredericks in  
the fight, then out of it a number of  
times. It is not many days ago that  
he was in San Jose in conference with J.  
O. Hayes, a near-candidate for governor,  
and the story was subsequently bruited  
about that Hayes was to run for gov-  
ernor with Fredericks for lieutenant-gov-  
ernor.

The news that Youngworth brings  
knocks this rumor into a cocked hat  
and indicates that the Republican leaders  
will adhere to their original scheme to re-  
vive the somnolent tradition of making  
Southern California a governor in alterna-  
te periods.

Word has come recently from the in-  
ner circle of the Progressive party that  
there will be no attempt to win the Re-  
publican nomination for Hiram Johnson.  
The governor has put his foot down on  
the plan and put it down hard.

"Not one chance in ten thousand  
we're done with the Republican party,"  
said the governor when the scheme was  
broached to him.

The Progressive leaders outspokenly  
claim that more than half of the voters  
in the Republican party are in favor of  
another gubernatorial term for Johnson.  
They even believe they might nomi-  
nate Johnson in the Progressive party.

For many years he was assistant  
foreman of the San Francisco Chroni-  
cle stereotyping department, and was  
held in the highest esteem by the  
management.

He fought bravely with the Califor-  
nia Regiment in Manila during the  
late war, being sergeant of his com-  
pany.

He leaves father, mother, brothers  
and sisters, and a young wife to whom  
he was married but eighteen months  
ago, to mourn his loss.

The funeral services will take place  
at his late home, 424 Cole street, to-  
morrow at 8:30 a. m., thence to St.  
Ignace Church where a solemn re-  
quiem mass will be sung, for the re-  
pose of his soul.

Miss McCall Permanent  
Head of Women's Bureau

The appointment of Miss Beatrice Mc-  
Call, made by Mayor Mott pending the  
announcement of an eligible list by the  
Civil Service Board, was made perma-  
nent today, Miss McCall having passed  
the highest civil service test for the  
secretaryship of the newly created Wom-  
en's Protective Bureau. At the same  
time Miss Alice Richardson's appoint-  
ment was made permanent by Mayor  
Mott, as she received the highest rating  
of those who took the civil service ex-  
aminations for the positions of assist-  
ant secretary.

Miss McCall received 84 per cent in  
the examination, the next highest being  
Miss Ida L. Brooks, with 75. Miss  
Richardson also took the examination for  
secretary and passed third. Others who  
passed were Mary E. Gilmore and Ada  
French.

Miss Richardson passed highest in the  
assistant secretary tests, Elizabeth  
M. Averil and Ada French.

DRUGLESS PHYSICIAN  
TO APPEAL CONVICTION

Dr. D. S. Bullis, a member of the  
American Association of Drugless  
Physicians, was fined \$200 today by  
Police Judge Samuels following his  
conviction on a charge of practicing  
without a license. No contest was  
made in the lower court and Lincoln  
S. Church, Bullis' attorney, an-  
nounced an appeal to the Superior  
Court, where the state law denying  
the right to this class of physicians  
to practice will be tested on grounds  
of being unconstitutional. Bull was  
fixed at \$200 pending the appeal.  
The American Association will make  
a vigorous fight for recognition and  
a similar case will be fought out in  
the Superior Court of Los Angeles.

OAKLAND POLICE ASKED  
TO SEEK YOUNG MAN

The Oakland police have been asked  
to seek Leo Bernard Schremp, aged 25  
years, who was last heard of by his par-  
ents, Mr. and Mrs. J. J. Schremp of New  
York, when he was about to leave Oak-  
land, October 13, for Southern California.  
The father is now living at 1442 West

fall, after which rates from Atlantic  
coast points to San Francisco and return  
will be published.  
The association decided that its next  
meeting should be held in Chicago one  
week in advance of the session of the  
American Association of General Passen-  
ger and Ticket Agents probably in Oc-  
tober.

## SURE WAY TO GET RID OF DANDRUFF

End Itching Scalp and Stop  
Falling Hair—at Once.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when the hair is dry, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, buoyant and soft, and look like a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes a stringy, straggly, dull, dry, brittle and lifeless and every body notices it. You can get liquid arvon at any drug store.

## 93 MILES OF GREAT AQUEDUCT IS READY

NEW YORK, March 25.—All that part of the great Catskill aqueduct which has been completed is now ready for use, and the board of water supply had advertised for bids on 1,000,000 young evergreen trees to plant about the large reservoirs. The turn-up spots along the right-of-way will be ploughed up and sown with grass seed. There are now 32 miles of the big tube ready to conduct water to this city from the Catskills.

## BURGLARS RANSACK SAN FRANCISCO HOME

SAN FRANCISCO, March 25.—When Antonio Petrich of 851 Pacific street, returned home this morning after a day's absence, he found that burglars had turned his house almost upside down. Everything movable had been thrown about, drawers ransacked and mattresses cut open. Mrs. Petrich and the other members of the family are away and Petrich was unable to inform the police of the value of the articles taken.

## HONOLULU SAILS.

SEATTLE, March 25.—The steamship Honolulu sailed for the Hawaiian islands today, being the first boat in the regular passenger service opened directly between Puget Sound and Honolulu. Returning the Honolulu will touch at San Francisco.

Mr. Worried—"Anty Drudge, Maria has a bad cold and can't get out of bed. Could you come over today and stay with her? I don't want you to do any work."

Anty Drudge—"Bless my soul! Of course I can. And I'll bring some Fels-Naptha Soap along so I can do the washing after I've tended to Maria. It won't be work if I do it the Fels-Naptha way in cool water."

Fels-Naptha Soap will do all kinds of work the easiest and the best way—thoroughly and quickly. Fels-Naptha works best in cool or lukewarm water. It does your wash in half the time it used to take; makes your clothes sweet, clean and white without hard rubbing or boiling. Fels-Naptha makes life pleasant by making work easy, and saves money, time and strength.

Better buy it by the carton or box. Rare directions are on the Red and Green Wrapper.

# WATER FRONT REPUBLICANS CONTRACTOR'S REPORT IS IN S. D. HOLD PAY MAY BE MADE PRIMARY HELD UP

Commissioner Gives History of  
City Improvements on  
Estuary.

Bond Issue Expenditures Are  
Detailed; Purchases  
Outlined.

Commissioner of Public Works  
Harry S. Anderson filed with the city  
council today a lengthy and detailed  
statement of all work done under the

tracts. The report gives in detail all work performed on the Oakland harbor development and gives an accounting of all money expended up to March 1, 1914.

The report shows the manner of expenditure of approximately \$2,300,000, expended on waterfront work since November 15, 1909, when the city made a bond issue of \$2,300,000. About \$200,000 remains unexpended.

An interesting detail in the report is the showing made through the purchase of a municipally owned dredger, on the work on the Oakland estuary harbor. Over four cents a cubic yard has been saved in this dredging work. Bids for the removal of 1,020,000 cubic yards in front of the quay wall were received, the lowest being for 12.74 cents a cubic yard. Anderson decided it would be cheaper for the city to purchase a dredger and do the work municipally. This was done. Over 15,000 cubic yards have been removed at a net cost to the city, including interest and depreciation on plant and equipment, of less than eight cents a cubic yard.

REPORT ON CONTRACTS.

The report details the contract prices and expenditures on work on the Twenty-second and Thirty-fifth street sewer extensions, on the rock fill in the Bay View basin, mud levee, apron wharves, and dredging by clam shell dredger and suction in the Key Route basin. Quay wall construction from Myrtle to Clay streets along the estuary, construction of the Livingston street pier and approach to the city of Oakland, street traffic, and land purchases.

Anderson details the land purchases under the bond fund for waterfront purposes so far as the estuary quay wall development as follows:

TELLS OF PURCHASES.

From Taylor & Company—Property lying between Washington and Broadway and having a frontage of 300 feet on First street, and a total area of 37,276 square feet for \$27,000.

From the Puget Sound Lumber company—Property lying immediately west of Clay street and having a frontage on the water front of 150 feet and an area of 32,000 square feet, for the sum of \$55,374.

Property from the Remillard Brick company immediately west of the Puget Sound Lumber company property, having a frontage of 150 feet and an area of 35,100 square feet, for the sum of \$55,000.

Property from the Pacific Gas & Electric company consisting of a 300 foot strip between Grove and Jefferson streets and a 100 foot frontage between Bush and Castro streets, for the sum of \$155,242.50.

Property from the Oakland Water Front company lying between Grove and Bush streets, having a frontage of 450 feet and an area of 153,000 square feet, for the sum of \$135,000.

Also property from C. M. MacGregor lying between Bush and Myrtle streets and having a frontage of 312 feet and an area of 84,000 square feet, for \$135,000.

The eastern 300 feet front company was the Oakland Water Front company was nine years to run in front of the Pacific Lumber and Mill company, and the city of Oakland, after several fruitless endeavors, purchased the property of the lessee brought a suit to condemn that interest, which suit was tried in the fall of 1911.

The suit was decided in favor of the city of \$55,000, but the jury allowed only \$28,716, thus making a large saving to the city of Oakland.

MERRITT HOSPITAL SUIT.

The city of Oakland was unable to agree upon the terms of purchase to the land lying between Washington and Clay streets belonging to the trustees of the Samuel Merritt hospital and to condemn that property, which suit was tried late in 1911. The trustees asking \$200,000 for their property, but the jury only awarded them \$211,315. These two suits are now pending on appeal to the supreme court.

The defendants in each case having been dissatisfied with the verdict of the jury.

An appeal of the verdict of the jury in the southern water front suit, in which property as mentioned above waived all rights that they might have to any property south of the low tide line of 1852.

The Merritt hospital trustees, however, still claim ownership of property lying south of the low tide line of 1852, and between that line and the U. S. pier and line, and suit is now pending against the trustees to recover that property.

This suit will probably be tried some time during the present spring.

In addition to the above amounts there has been placed in the hands of the county clerk by order of the court, \$40,088 which amount will be returned to the city upon the settlement of the suits now pending on appeal.

The total amount paid by the city for land, including the amount in court, and all fees, taxes, etc., paid by the city, is \$979,627.96.

VOCEK, RECOVERED, GETS  
SIX-YEAR SENTENCE

SAN FRANCISCO, March 25.—After recovering from a grievous wound in the abdomen inflicted by Patrolman McIntyre while he was resisting arrest, Joseph Vock was sentenced by Superior Judge Lawlor today to serve six years in San Quentin penitentiary.

At the instance of Agnes Chabot, Vock was taken into custody on a release on bail he went to the woman's house and summoned Vock took refuge in a closet. The officer was warned that the man was armed and approached the door with a drawn revolver. Before Vock could shoot McIntyre fired at him.

Majority Faction Candidate  
Defeated for Nomination to  
United States Senate.

PIERRE, S. D., March 25.—Senator Coe I. Crawford, the Republican majority faction candidate, went down to defeat before Congressman Charles T. Burke, the minority candidate, who was nominated for United States Senator in yesterday's state-wide primary election, according to incomplete returns today.

Congressman Dillon, latest reports, minority opponent, Richard Wood, in the First Congressional district. Both Attorney General Johnston and Frank McNulty are claiming the nomination in the Second district. Judge W. Q. Rice probably has received the congressional nomination in the Third district.

CANDIDATES FOR GOVERNOR.

Although the minority Republicans do not concede the defeat of their candidate for governor, H. B. Anderson, returns indicate the renomination of Governor Byrne, the majority candidate, by a heavy vote in the independent Republican candidate for governor, polled a surprisingly large vote.

Straggling reports from the county districts early today increased the lead obtained by Congressman Burke in the large towns of the state and his campaign managers placed his lead over Senator Crawford at more than 10,000. Burke polled a heavy vote in the western part of the state and made surprising gains in territory which six years ago was carried by Senator Crawford.

STORM DELAYS RETURNS.

A severe storm throughout the state delayed returns, but it is not believed that belated reports will materially change the figures.

The Democratic slate, as agreed upon at a party conference, was nominated without contests. E. S. Johnson, Yankton, being the candidate for United States Senator.

Donovan Suggests Course Regarding Lazez School  
Pending Repairs.

The suggestion of City Consulting Architect J. J. Donovan that payment on the final acceptance of the Lazez school be held up pending completion of repairs on the new Claremont school, both buildings being constructed by O. B. Ackerman & Sons, started trouble at the meeting of the Board of Education last night, when the photographs showing that the

two buildings were separate contracts, asserted that the board had no right to such procedure, and that if the suggestion was followed legal steps might result. Their complaint was referred to the city attorney without action and a decision was withheld pending his report.

The Claremont school was declared unfinished and in poor condition in a report made against the school by the contractors. The school cost \$88,000. Numerous investigations were made at the behest of Director Harry Boyle. It was reported that the roof of the building was in places it sagged slightly and this, the contractors hold, is because of defects in the specifications. Donovan and Building Superintendent Taylor hold that the defects are not big, but that they should be repaired.

Ackerman holds that as no complaint has been made against the Lazez school, the board is compelled by the law of contracts to accept it. The contractor submitted improvement club reports and quoted the law in the case. Action will be considered at the meeting of the board Thursday night.

Routine business occupied the remainder of the meeting. The month's bills were passed and several social clubs and other organizations granted the use of school rooms for meetings.

CITY HALL WORK  
STARTS DISPUTE

Lawsuit Threatened; Patent Is  
Declared to Be Violated.

SAN FRANCISCO, March 25.—Work on the new city hall is likely to again be halted and another near-scandal in political circles may result from the serving of notice today by the National Burned Clay Concrete Company that concrete work on the new structure must stop immediately. Notice was served on the Clinton Fire Proofing Company, which holds the contract for the concrete work, involving a total outlay of \$180,000. Attorney Joseph E. Bien and Attorney Al Clark, representing the National Burned Clay Concrete Company, declare that the Clinton people are violating a patent taken out by their concern in October, 1905, by using brick concrete in construction work on the city hall.

Attorney Marks stated that the steel had been put in place with the use of using brick concrete which is a much lighter material than the ordinary composition stone concrete, and it should have been used. The steel should have been used to very much heavier. The contract that the Clinton Fireproofing Company had no right to use brick concrete, and if they do not stop a damage suit will be started at once.

The litigation, it is expected, will temporarily halt work on the city hall, and investigation will be made as to the truth of the charges and as to how it happened that the brick concrete contract was awarded without the matter of patent being considered.

CARNIVAL PLANS TO BE OPPOSED

Permit for Lodge Affair Is Declared Illegal by Alameda.

ALAMEDA, March 25.—Mayor Frank Otis today issued a call for a special meeting of the city council to be held tomorrow evening. The matter to be considered is the complaint filed with the mayor by J. E. Miranda, 1147 Park avenue, to be held in this city from March 31 to April 5, Miranda's complaint is that the city council in granting the permit to the Moose Hall association to hold a carnival is illegal, being contrary to the provisions of the city ordinances. He charges that the carnival is a violation of the city laws.

That this is contrary to law Mayor Otis decided that under the circumstances it was best for the city council to consider the matter again.

Entertainment Is Given in the Auditorium of New Structure.

The opening entertainment of the Lazez school was held Saturday evening March 21, in the auditorium of the school under the auspices of the Park Improvement club. The auditorium was very tastefully decorated for the occasion. President Brown of the club presided as chairman and after a few opening remarks, introduced Superintendent of Schools Barker, of Oakland, who gave an address of welcome. Miss Kane, principal of the new school, was the next speaker, and after giving some pleasing remarks of welcome, was presented with a fern by Mrs. Allaf Lloyd Smith, followed with a baritone solo of his own composition, accompanied by Mrs. Jennie Whitmore.

The next speaker was Miss Annie Brown, a member of the Oakland School Board, who gave a very interesting account of the life of Dr. Jesse Lazez, and how he gave his life for humanity, speaking of him as a hero among men. She was presented with a bouquet of carnations by Mrs. Segalas. Miss Margaret Stanfield followed with a pleasing vocal number, after which Master Emil Alf played a piano solo. A beautiful banner with the school colors, red, white and gold, was presented to the school from the Park Improvement club, by Mrs. Allaf, which was followed by thanks from some of the pupils of the school.

The evening was enjoyed by all. Then these homey invitations adjourned to the banquet room below and enjoyed a sumptuous repast furnished by the club. During the banquet, Superintendent Barker, Miss Brown and Mrs. Hawes, members of the school board, were called upon for remarks and all responded. Mr. Whitmore, a member of the Pioneer Improvement club, was called upon and told how the club was first to get an action on the land that the school now stands upon, from the Derby estate. Mr. Richmond also told how the people in that locality had formed the Pioneer hall association buying land and putting up a school.

The will of the late Captain Eugene Biondi, who died March 17 at his home in Berkeley, was filed for probate today. The will disposes of an estate estimated in the neighborhood of \$15,000, consisting of personal property and his residence at 2906 Grant street. The principal part of the estate is bequeathed to relatives in Milan, Italy. The home is given to Alvilde Belue, who was his housekeeper. Biondi was 72 years of age and fought with Admiral Farragut at Mobile Bay.

STEEPLE-JACK DODGES J. BARLEYCORN IN JAIL

John Barleycorn pursued William C. Steeple, a steeple-jack, to the doors of the city hall in eluding his would-be captor.

"I tried to get away from him," painted Castle, out of breath, when he greeted Sheriff Barnett. "Look me up for a while until I feel safe. I don't feel as if I could climb that ladder to escape him and I am afraid that I might climb it."

It was a week and a half that he was where he will be kept until tomorrow.

## ATHLETIC CARNIVAL Y. M. C. A. EVENT

Annual Exhibition Will Be Given  
at Gymnasium April  
13-14.

The fourth annual athletic carnival of the Oakland Young Men's Christian Association will be held April 13 and 14. The previous carnivals have been a marked success. Last year there were no less than 250 participants and 1000 spectators on each of the two evenings. The men and boys have shown their enthusiasm this year as usual. The features of the program show perseverance and ability. The First Baptist Church Boys' Band will provide the music.

The carnival will be opened by a grand procession, at which time the various leaders' corps, acrobatic, musical and comedy troupes will be introduced. After this grand entry, the program will follow with the song and precision that has characterized the show in previous years. Members of the senior and junior corps will perform stunts for symmetrical development, and the members of the leaders' corps acrobatic dances, fire juggling, and apparatus exhibitions. The intermediate class of the boys' department will feature in pantomime work, high and low tumbling, leaping and comedy work. The business boys will show their prowess in strength work, equilibrations and searchlight drills. The junior boys will impersonate Harry Lauder in patter, song and dance, when the boys will be dressed in highland costumes to suit the occasion. They will also stage a pretty plume drill and gymnastic dances of capricious formations. Plastic poses by superior adult athletes will portray grace, strength and symmetry of the gymnast acquired at the Oakland "Y" gymnasium.

United States Judge Charles M. Hough will decide tomorrow whether the bids shall be accepted. In the acceptance the hope of creditors of the bankrupt stores of obtaining an immediate dividend. Whether the depositors in the private bank of Henry Siegel & Co., which failed, would benefit by acceptance would be decided by the receivers.

## ITCHING ERUPTION ON ARMS AND LIMBS

Became Red and Pimples Formed.  
Could Not Keep from Scratching.  
Clothing Irritated It. Cuticura  
Soap and Ointment Cured.

"(Tuesday, Kansas.)—About two or three years ago the trouble began with irritation and itching on my arms and lower limbs. The affected parts became red and pimples or eruption formed. The itching was so severe that I could not keep from scratching and some sores formed on my face and limbs. The clothing irritated at times and made the itching worse.

"I tried various remedies relieving to some extent the trouble, but it continued and finally the malady spread over my body but was very bad on my head and face and around my waist. The skin became rough and thick and sores formed on my face. The itching and burning often kept me awake at night. I began using Cuticura Soap and Ointment last winter. I bathed with the Cuticura Soap and hot water at least once a day and used the Cuticura Ointment two or three times a day. In five months I was cured." (Signed) E. Cameron, Sept. 17, 1913.

The regular use of Cuticura Soap for toilet and bath not only tends to preserve, purify and beautify the skin, scalp, hair and hands, but assists in preventing inflammation, irritation and clogging of the pores, the common cause of pimples, blackheads, redness and roughness, yellow, oily, mothy and other unwholesome conditions of the skin. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. ## VETERANS LAUDED FOR LONG SERVICE

McAdoo Congratulates Old  
Employees on Their Work  
in Office.

WASHINGTON, March 25.—Secretary McAdoo, it was announced today, has written to Thomas C. Bailey and Thomas P. Keene, employees in the office of the auditor for the interior department, congratulating them on the fact that they recently completed a half century of service to the government.

Secretary McAdoo had been advised that despite the fact that Bailey was 83 years old and Keene 75 and a Civil War veteran, both were discharging their duties in connection with the auditing of the complicated Indian accounts with the greatest satisfaction to the auditor.

To Bailey, Secretary McAdoo, after extending hearty congratulations and best wishes, wrote:

"I hope that you may long be each year may bring added happiness and renewed vigor and health."

The secretary congratulated Keene on his fine record and wished him many more years of unimpaired vigor and capacity and increased prosperity and happiness.

## INDICTMENTS ARE MADE AGAINST TOWN OFFICERS

RAINFORD, Ore., March 25.—The grand jury returned indictments against Mayor Stewart and all councilmen of Copperfield, against whom charges were preferred by Governor West following his crusade last January. Three counts were returned against Mayor Stewart, one each against Councilmen William Wiegand, J. J. Burns, Tony Warner and William Woodbury. The Copperfield men filed bail bonds for all except Burns. The latter refused to acknowledge arrest by telephone. The indicted men are charged with selling liquor without license, selling and giving liquor to minors and gambling. Martin Knezevich, the councilman, who inaugurated petitions resulting in action by the governor at Copperfield and who fled after being indicted, was arrested today at Caldwell, Ida.

## WILL PLEAD GUILTY TO SAVE MRS. DIFENBAUGH

SAN BERNARDINO, Cal., March 25.—In the hope of saving the alleged leader, Mrs. Marian Diefenbaugh, from prosecution for burglary, Paul Hall and Robert Beavens announced last night that they would plead guilty to the robbery of a store at Victorville. They declared their reason for taking the blame upon themselves was that Mrs. Diefenbaugh was about to become a mother. They said they would also attempt to exonerate the young woman's husband, Ralph Diefenbaugh. The quartet is accused of a series of burglaries in Victorville and other desert towns. They were caught in a box car Monday and arrested when it was discovered that Mrs. Diefenbaugh, the alleged leader, was acting as a man.

## CHILDREN ARE SUED FOR DEED BY GRANDCHILDREN

SAN FRANCISCO, March 25.—Whether Bridget Mallon was laboring under the undue influence of her daughter and son-in-law, Mary and Edward Plattery, when she, on June 30, 1902, bequeathed practically the whole of her \$17,000 fortune, is a question which will be decided by a jury which was drawn in Judge Hunt's court yesterday. The plaintiffs in the action are William and Margaret Plattery, the grandchildren of Mrs. Mallon, who is now deceased. Two years before the deed complained of, the plaintiffs were made the residuary legatees of a will which, thanks to the deed in question, has now become almost valueless. The grandchildren are accordingly trying to prove that the transfer of the property was illegal.

## TRAINMEN'S STRIKE HASN'T UNION STAMP

PITTSBURGH, Pa., March 25.—Meetings of striking brakemen, conductors and yardmen of the Monongahela division of the Pennsylvania railroad, who have been on a strike since last Saturday, and a statement by J. B. Hendricks, general chairman of the Order of Railway Conductors, that the strike was without the sanction of the union, were developments of the situation yesterday. From Monongahela it was reported eight coal mines had suspended operations owing to the shortage of cars. There has been no disorder at any point.

Superintendent L. L. O'Donnell, of the railroad, issued a statement saying that 500 employees have left the service of the company in an endeavor to force it to re-employ four men who were furloughed because of decrease in traffic.

## MEASLES ARE EPIDEMIC AT CORNELL UNIVERSITY

ITHACA, N. Y., March 25.—With twenty-six victims of German measles now in the University Infirmary and a score more scattered in various rooming houses, Cornell is facing an epidemic of these cases which the University medical office is striving strenuously to check. The outbreak was first reported on Saturday, and medical authorities sent all the cases they heard about to the infirmary at once. Yesterday they got news of a case coming from an entirely different quarter of the student community and every effort is now being made to isolate all outside cases.

WILL CHOOSE SITE.  
HONOLULU, March 25.—After seven years of wrangling, it was unanimously resolved yesterday at a mass meeting of the Chamber of Commerce and the Merchants' Association that Honolulu was unable to agree on a site for the new Federal building to be erected here. Accordingly a cablegram was sent asking the treasury department to exercise its own discretion within the limits of the existing federal appropriation.

## Ulster Appears to Have Won.

Ulster appears to have won in its fight for exemption from the provisions of the home rule for Ireland bill, and if the measure passes, and there is some uncertainty as to its fate, will doubtless remain as at present, under the direct authority of the English parliament instead of the dominion of the Dublin legislature proposed in the measure.

The government virtually admits its inability to force the northern province to come under the provisions of the new law. The crown has yielded to the army, or its officers who resigned; there appears to be no doubt on that point. Those who tendered their commissions have been reinstated and on their own terms.

Doubt and uncertainty prevail, and it is not surprising that the announcement is made that the government has decided to offer to dissolve Parliament during the second reading of the bill next week and appeal to the voters. This determination is aided by other vexing questions which are being used as an excuse for

Of course the Irish Nationalists are standing firm. No other course could have been expected. The fight for home rule has been too long, too determined, too vigorously maintained for even a thought of surrender or compromise.

Meanwhile King George and Premier Asquith are learning once more that the head which wears a crown has an uneasy pillow and that the seats of the mighty tremble a whole lot on occasions. The press generally appears to be lambasting both with equal vigor and when the British editor gets his fighting togs on there is generally something happening all of the time.

That the offer to dissolve Parliament and submit home rule and other problems to the voters is a suggestion from opponents of autonomy for Ireland is as certain as sunshine. That the battle will be a sharp and vigorous one is equally certain. As to the result, no man can predict it, for the people of any country are uncertain in their action and change their opinions oftener than they do their socks many times, but as a guess we will venture the prediction that home rule will win, with the exception noted.

And before concluding we may be pardoned for diverging from the serious part of the situation to allude to a statement of "Mr. Dooley," the famous character created by Peter Finley Dunne, in alluding to affairs in the British Isles, when he said George V was "King of Great Britain and all that part av Ireland north av Sligo," which quip present conditions seem to indicate is as truthful as it is mirthful.

The Dallas (Texas) News arises to remark that when it comes to harbingers of spring it knows of nothing better than spring chickens. Bless yo' honey, yo' ought to set yo' face in a hunk of strawberry shortcake, made in Oakland in March.

Dispatches announce the marriage of a daughter of an Eastern banker to a gardener on the estate owned by the financier. It is a two to one bet that despite the abilities of the groom it will not be long ere "dad" will be called upon to "raise" the funds with which to provide Juliet with the living to which she has been so long accustomed.

It is stated that Huerta's name in Spanish means "garden." But in Anglo-Saxon, General Sherman's definition of war seems most appropriate.

Seeking a dime he had lost under the table while attending a luncheon at the Hotel Astor, Andrew Carnegie not only found it following the retirement of the other guests, but a nickel in addition. Thus we see again verified the Scriptural expression: "To him who hath shall be given," and once more are regaled with another illustration of the efforts of Fate to thwart Skibo's Laird in his effort to die poor.

## Needs of California's University.

In his address on the forty-sixth birthday of the University of California, President Benjamin Ide Wheeler, following a recital of gifts of between \$2,000,000 and \$3,000,000 received in the year preceding, declared that the institution is poorer now than ever before. But this statement is not to be considered as meaning there has been a waste, or an extravagance in the funds derived from either private or public sources. On the contrary, as intimated by President Wheeler, the heavy drain on the funds is the result of enlargement of activities made necessary by the natural growth of the university from a small school to one of the mightiest institutions of learning in the entire country.

In a brief allusion to this expansion President Wheeler reminded his auditors that the university has been transformed from a snug little school, nestling among the hills, to a great institution with new and larger duties which cannot be overlooked. Its work has expanded and as new branches of research have been undertaken and new fields of effort opened a demand for a larger revenue has been created.

In its present status the University of California is not merely a state institution. Fostered by public sentiment and encouraged by public and private effort it has become national in its character. Its student body is increasing each year and will continue to increase. New buildings are needed and will be needed and new fields of effort will be opened from time to time, necessitating still larger expenditures.

Primarily the reason for the expansion in the activities at this great State college which is now known from coast to coast and across the oceans, has been the excellence of its courses and the thoroughness of its methods. But behind all that there is this thought: That the people of the State have aided it by the confidence they have expressed, by the increasing number of young men and women who have been sent there to complete their education and are in a great measure responsible for its immense growth. And in view of this situation it is fair to presume that Californians will never hesitate to provide for the maintenance demanded.

Californians are believers in education. This is demonstrated by the excellence of the school system of the State and by the large number of private institutions throughout its length and breadth. Such a condition existing there is every reason for believing that university authorities can cheer themselves with the knowledge that when an exigency arises the people of the commonwealth will arise to meet it, and that the progress made in the past will be an incentive for encouraging greater effort in the future.

## REMOVING THE THORN

—BY THE OAKLAND TRIBUNE CARTOONIST

## Pitiful Fate of Professor Peck.

In the death of Walter Thurston Peck, for twenty-eight years professor of ancient languages at Columbia University in New York, the world of letters suffers a distinct loss, for he was a world authority and his writings and lectures were highly instructive.

An unfortunate breach of promise suit, which was dismissed before trial, coupled with a dispute with Nicholas Murray Butler, president of the university, over the authorship of a series of papers on the Latin language, led to his retirement from Columbia, since which time he has lived in obscurity and pitiful poverty until impelled by the latter condition, to which was added domestic difficulties, he by his own hand ended a career during which he contributed much of value to the wisdom of the world.

The most sorrowful feature of his life and death is the fact that after having performed for so long a time such signal service to his fellows and having aided so many young men to acquire a knowledge they otherwise would have been unable to attain he died so poor. His personal estate at the time he left the university is said to have been less than \$300. Yet it is not related that he was a man of extravagant tastes or expensive habits, and this, when considered with the knowledge that college professors are rarely, if ever, paid the full measure of value for their work, leads to the thought that such men ought to be provided for in such manner that when necessity presses, employment fails or physical ability yields to the advance of age or overtaxation of its powers, a sheet anchor should be available in the shape of a fund of some sort, either from public source or private store that would give to the individual at least those common comforts to which all men are entitled.

What is the use of starting extradition proceedings for this fellow "Sir" Harry Cooper, bigamist and forger, who will complete an eighteen months' term in South Africa next September and for whom Chief Petersen proposes to go at that time? The expense of the two months' junket, the trial following and the incidentals are too large and the game isn't worth the candle. If the fellow is brought back, presuming he is convicted, he will not be confined for a very long term, and once more will California have him on her hands. Let him stay in South Africa; he is far enough away to keep from doing harm here.

Former President Taft says that by cutting out pie, fat meats and starchy foods he has reduced his weight 77 pounds. If Professor Taft keeps up this practice, in a year or two he will be able to buy his clothes ready made.

California poultrymen who depend largely for revenue upon the fruit of their fowls protest against a shell game that will put the yolk of the yellow Shanghai of China upon the white hen. That's the egg situation, eggactly.

## Blind Writer Is 94 Years Old.

Fanny Crosby, blind writer of hymns, yesterday celebrated her ninety-fourth birthday at her Connecticut home. Grand old woman! May she live many more if she desires, for she has been putting music in souls all her active life.

She was prolific in poetry and most of it was of that good old simple sort that seeks its way right down into the human heart and there nestles like a cosy, warm flame or sort glowing love. Some of it was full of hope, some of sorrow, some of gladness, some of peace. Yet through it all there was an indefinable tinge of sadness which the acute minded could trace to her sightless condition. Sitting in darkness ever, with the faces of friends, the color of the flowers, the tints of the summer woods, the glow of the sunshine denied her, she never doubted the goodness of Infinity, but wrote in rhythmic verse a never-ending appeal.

Universe. Millions have sung her songs and have been the better for the singing. Millions will yet sing them and feel the uplift. And all of us will doubtless feel at the closing of this brief career the thought she expressed in one of her early compositions: Be near me when my feet are slipping o'er the brink. For I am nearer home today, perhaps, than now I think.

## Twenty Years Ago Today

An ordinance was introduced at a meeting of the Berkeley Board of Trustees providing for the wearing of arms with the exception of persons of 17 years of age, who may shoot English sparrows. The Fourth of July is expected in the ordinance.

Speakers and reputation and power such as Mrs. Sarah B. Cooper, Mrs. N. B. Blessing, Eyster, Mrs. Carrie J. Montgomery and Mrs. M. Field, will address a meeting at the Methodist church corner Fourteenth and Clay streets, the interest of the missions and the Woman's Congress, which has arranged the rally.

The Prohibitionists of Berkeley held their annual convention and nominated Trustees J. P. Cooper and C. C. McDonnell, school directors Dr. J. H. Wood, I. Barnes and Professor Woodward, marshal, W. H. Bone, clerk, R. E. Bush, assessor, I. W. White, treasurer, J. S. Squire.

Attorney-General Hart filed a notice of appeal in the suit of the people of the State of California against the Oakland Water Front Company. In this action was given against the state by Judge Hennessy.

The last of the convention of the more important political parties of Berkeley was held last evening by the Independent Taxpayers. With one or two exceptions the party was well represented. The party was endorsed for town trustees, W. H. Kerrison and C. Hadlin were the only nominees, the nominees for school directors were H. W. Taylor, C. F. Niehaus and Thomas Wilson. C. R. Lord was nominated for marshal and G. Woodsum for clerk, H. Squire for treasurer and E. Engelbrecht for assessor.

The late Senator Stanford had an idea concerning the loaning of public money to agricultural land owners for the development of their property at a low rate of interest, the government securing itself with a mortgage on the property. The object was to relieve the farmers of the country from the heavy burdens now carried by them in the way of high interest bearing mortgages. It was not well received by the public, being regarded as an Utopian idea, a "together impractical," and many of the Senator's friends regarded the idea as an unaccountable vagary. The correctness of judgment is already vindicated by the adoption in Australia of the very system the Senator outlined.

## TIP FOR HUBBIES

The younger man had been complaining that he could not get his wife to mend his clothes.

"I asked her to sew a button on this vest last night, and she hasn't touched it," he said. At this the older man assumed the air of a patriarch.

"Never ask a woman to mend anything," he said. "You haven't been married long, and I think I can give you some serviceable suggestions. When I want a shirt mended I take it to my wife and flourish it around a little and say, 'Where's that rag-bag?'"

"What do you want of the 'rag-bag'?" asks the wife. Her suspicions are aroused at once.

"I want to throw this shirt away. It's worn out," I say, with a few more flourishes.

"Let me see that shirt," my wife says, then, "Now, John, hand it to me at once!" Of course, I pass it over, and she examines it.

"Why it only needs—, and then she mends it."—Chronicle Telegraph.

## Don't Cultivate Shoulder "Chips"

Such a tired, nervous little woman with the look of the treadmill on her face!

It was such a ceaseless struggle this fighting people who were always trying to get the best of you, for you see the tired little woman didn't believe in love; she believed in getting the best of people, so she couldn't understand any other code.

She called it "self-preservation," but perhaps it was just because she hadn't learned how to love. Anyway, everybody else was always the cause of her trouble; she never could see it any other way.

The tradespeople were stupid for trying to cheat her. Her friends, well, she didn't have many friends, in fact, the "chip-on-the-shoulder" attitude never is conducive to friendship.

It seemed to her that the old world couldn't seem to resist kicking that chip off, and she hated and feared it, which is a sad because it's really such a tomor, and I can't wait in all day to suit

outrageous! I'm going to 'phone him right away."

"Hello! is this the grocer?"

"Y-e-s," patiently.

"Well, I want to know what we are coming to. I ordered 15 cents' worth of fresh eggs yesterday and you only sent me four. I never heard anything like that."

"Who's sneaking please?"

"Mrs. C., 4.0 Boulevard South. You said fresh eggs, ma'am," drawl.

"O course I want fresh eggs," impatiently. "Well, Mrs. C., the fresh eggs are 45 cents a dozen, four for 15."

"I never heard of such a thing. I've always had fresh eggs before and got six for 15. Another thing I want you to bring me 45 cents at 45 cents. I don't get any work done, waiting so long."

"But the delivery doesn't reach your street till 11, madam."

"Well, I can't help that. You've got to do something to accommodate your customers, and I can't wait in all day to suit

it's so responsible.

"Sally," she called shrilly, "how many eggs did the grocer bring yesterday?"

"Four, ma'am."

"Four eggs for 15 cents, why, t a's, always 'the other way'."

## CUPID HITS BALL PLAYER'S HEART

Harvey Christensen of Elmhurst Elopes With Miss Ruth Enos.

ELMHURST, March 25.—Harvey Christensen, of this city, a well known baseball player and member of the California State League, and Miss Ruth Enos, the charming daughter of Mrs. Grace Enos of Stonehurst, eloped last Wednesday afternoon and were married in San Francisco. The young couple kept their marriage a secret but the story of the elopement leaked out yesterday.

"They fooled us all right," said C. Christensen, father of Harvey Christensen, and proprietor of the San Leandro hotel. "I didn't know a thing about the wedding until lately. When my son left me Wednesday he said he was going up to Boyes Springs in Sonoma county to train for the California League game, but instead he slipped off to San Francisco."

"We thought the secret would keep," remarked the young bride, when asked if the rumored elopement was true. "It's certainly strange how these things will get out."

Mrs. Christensen, who is one of three pretty sisters, is at present residing at 1308 16th avenue. Her husband will leave in a few days for Boyes Springs to take up baseball training. He played in the Watsonville team in the California State League and is popular with the fans.

After the wedding the couple went on a honeymoon trip to Los Angeles. They will make their home in Stonehurst.

### DEMAND LOWER ELECTRIC RATE

The East Oakland Protective League Presents Case to Commission.

MELROSE, March 25.—Some straight talk was indulged in by members of the East Oakland Protective League and by representatives of the Southern Pacific Company during the hearing before the Railroad Commission yesterday of the application for an order raising the fares between Broadway, Oakland, and points beyond Melrose, including Elmhurst, for which the Southern Pacific Company at present charges 10 and 15 cents.

Attorney C. W. Durbrow, for the Southern Pacific, pleaded that an order reducing fares should not issue at present as the Southern Pacific is preparing data covering the whole subject of fares between San Francisco and Alameda county to be presented to the Commission May 5. At that time Durbrow stated the existing rates.

Heated arguments arose in the discussion of the East Oakland Protective League. Earl and Hall contended that the Southern Pacific, under the state law, was charging an illegal rate and Earl said he had heard a rumor of an intention to divert passengers by way of Alameda, starting about May 1, during which time the people of Melrose and adjoining suburbs would be forced to pay the additional fare without remedy.

Durbrow offered to bring forward evidence to the commission that the Southern Pacific Company had lost \$250,000 in a year on Alameda county operations.

### TAKES ISSUE WITH AKED.

EDITOR TRIBUNE: The Bible Champion, New York, edited by the Bible League of North America, devotes its issue of March 15 to Dr. Aked's recent issue of the Bible. Dr. Aked's issue is a reprint of the birth of Christ, intimating that the Bible is a mere collection of legends and fables. ### AN ECHO OF CELSUS.

"While they pose as the latest product of religious evolution," says the Bible Champion, "they go back to the dark ages for their inspiration. The Bible is a mere collection of legends and fables. Dr. Aked's issue is a reprint of the birth of Christ, intimating that the Bible is a mere collection of legends and fables. ### THE GOSPELS AT COURT.

The question might be asked, has there ever, in any case of importance in the history of the world, been an instance where silence was admitted as evidence? But a greater man than Dr. Aked has passed on the reliability of the testimony of the Gospel writers. Greenleaf is recognized as one of the greatest legal luminaries the world has ever known. His "Treatise on Evidence" is a standard authority in every court in the world. He examined, impartially, the testimony of the evangelists by the rules of evidence administered in courts of justice. The evidence of Matthew, Mark, Luke and John, as recorded in their Gospels, he declared after a most searching examination, to be "honest, able, consistent, in conformity with experience."

### WHERE DOES DR. AKED BELONG?

The Public Ledger, Philadelphia, commenting upon this phase of the matter, says: "Dr. Aked's views on the virgin birth are regarded by some as frankly Unitarian. He occupies a pulpit in the Congregational church, which fought its greatest battles in defense of the Trinitarian Godhead. The issue, which is related to a doctrine in which Catholics and Protestants unhesitatingly agree, raises the question whether a minister holding a doctrine of divinity which denies the divinity of Christ can consistently preach in the pulpit of a Trinitarian church."

### ACHAN OF LONG AGO.

In its handling of the subject the Bible Champion makes a comparison: "The primitive Achan was only a low down sneak thief. He had no defense to offer. He wanted and took. His sin involved defeat for Israel and the death of 36 soldiers. Incidentally it resulted in ruin and sorrow for himself and his family. The Achan of modern times is a holy priest of the most high God. He generally occupies a high station in the church. Speaking particularly of the third one of the Gospels, which Dr. Aked would set aside on the point at issue, Greenleaf says: 'The Gospel of Luke is the work of a contemporary historian, would be entitled to our confidence. It is more than this. It is the result of a careful inquiry and examination made by a person of science, intelligence and education, concerning subjects which he was perfectly competent to investigate. As such it is entitled to be added as original, competent and satisfactory evidence of the truth of the Christian faith.'"

## "Postum for Mine"

Many a man and woman with coffee troubles has found that Postum is a sure and pleasant way back to health.

A doctor writes:

"I have been using Postum for the last seven or eight years, and think it has had a good deal to do with my looking younger than 55 years of age."

"I recommend it to all my patients, and those who have been using it have only praises for its taste and its good effects on their nervous systems; like me they have given up tea and coffee altogether."

Postum is a pure food-drink made of wheat and a small proportion of molasses—roasted and skillfully blended. It is absolutely free from the coffee drugs, caffeine and tannin—common causes of heart, stomach, liver, kidney and nerve disturbance.

Some people marvel at the benefits from leaving off coffee and using Postum, but there is nothing marvelous about it—only common sense.

Postum now comes in two forms:

Regular Postum—must be boiled. 15c and 25c pkgs.

Instant Postum—a soluble powder, requires no boiling. A spoonful stirred in a cup of hot water makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

## AFTER COUGHING TWO YEARS

### Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cough which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cold liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers added by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that you must will it.

TRY THIS TOUR.

The expert motorist who is looking for diversion and wishes to enjoy a drive that will test his skill as a driver should take the trip along the ocean from San Francisco to the coast.

Half Moon Bay and Pescadero to Santa Cruz.

W. W. Leavitt recently went over this section in his Overland, and in speaking of the ride says: "I knew of no other part of San Francisco so short a distance that so fascinating as this drive over the road between Colma and Pescadero but is, however, not one that anyone should attempt to make."

### Progressive Club Fosters the Movement for Feminine Aspirant.

RICHMOND, March 25.—The Progressive Club of the annexed district last evening fostered a movement whereby a woman will be entered in the race for school directorship at the school election to be held in May. They will ask the co-operation of the members of the Richmond Club and today will meet with members of the latter organization for a joint meeting, at which time a candidate will be selected.
